

Dear **Applied Topology** in Bedlewo 2013 Participants,

We are very happy to inform, that the organization of the conference is well on schedule. We are glad that the first edition of this conference has become very popular in the community. Consequently, we have far more registered participants than the number of rooms in Conference Center in Bedlewo. To accept as many participants as possible we have decided to host some of them in double rooms and some of them (the ones who have registered lately) in Szablewski hotel, 2km from Bedlewo. All the people who are scheduled to share a room with other participant or who are to be hosted in Szablewski hotel has been contacted by us.

We kindly ask you to submit the abstract of your talks via the webpage: <http://bcc.impan.pl/13AppTop/index.php/abstracts>
PLEASE do it no later than May 20. Please do it by using the attached sample latex file. The instructions of submission are given in the file. Please be aware, that many participants want to give a talk, and there is only limited number of slots. If you fail to send your abstract by May 20, we may not be able to find a slot for your talk, so please do it on time.

Also very soon some of you will probably buy airline tickets to get to the conference quite soon. The Conference Center is available for us from Sunday, July 21 to Saturday 27 July. There is an airport in Poznan (POZ) and if it is convenient, please use it. Otherwise, you can also fly to Berlin or Warsaw and take a train to Poznan. The train schedule can be found here:
<http://rozkład-pkp.pl/bin/query.exe/en?>
The time to get both from Warsaw and Berlin to Poznan is about 3 hours.

If you have any other questions, please do not hesitate to contact us.
We are looking forward to see you in Bedlewo,
On behalf of the Organizing Committee,
Pawel Dlotko

Dear Applied Topology in Bedlewo 2013 Participants,
Some of you have already tried to submit the abstract via the webpage and had some technical problems due to the fact that we close registration.
In this case let us keep it as simple as possible - please send me the latex version of your abstract as a replay to this email. The list of abstracts will be soon available on our webpage. Sorry for the problems with our web page,
On behalf of the Organizing Committee,
Best wishes,
